

UNIVERSIDADE FEDERAL DE SÃO CARLOS
PRÓ – REITORIA DE PÓS-GRADUAÇÃO

COURSE DESCRIPTION SHEET

1. Course Name: **General Seminar**
2. Course Code: 006
3. Semester offered: 2nd
4. Total course credits: 2
5. Course workload
 - 5.1. Lecture classes: 15h
 - 5.2. Practical classes:
 - 5.3. Seminars: 15h
6. Course Syllabus:
 - The seminar aims to monitor the student's academic development, focusing on the technical aspects related to the mastery of the topic chosen by the committee, oral presentation, posture, and command of the subject in front of an audience, and evaluation by professors.
 - General seminars will be prepared according to the internal regulations in the case of presenting students.
 - This space will also offer, as examples of formatting for dissemination and updating on topics in the area, lectures by national and international researchers, members of the corporate sector, editors of scientific journals, and representatives of scientific societies and scientific funding agencies, who will present to the public general issues in Materials Science, challenges and perspectives of the Materials Science area, and discuss opportunities for graduates of master's and doctoral programs.
7. Main Bibliography:
 - The bibliography will be varied and recommended by the speaker, who will indicate the specific literature that will support their presentation; however, speakers will be required to have the recommended literature reviewed by peers or undergo editorial checking whenever possible.
 - Freely accessible electronic texts on techniques and postures in oral presentations.
